Attending EGU General Assembly 2015

Vienna (Austria), 12 – 17 April 2015

The European Geosciences Union (EGU) General Assembly was held on 12 – 17 April 2015 in Vienna, Austria. This conference took place in Vienna International Airport (VIC). I arrived in Vienna on 12 April 2015. In the second day, I came to VIC to register as a meeting attendees, so I could get name badge and some informations about EGU. There were many committee member in this meeting. And they are friendly and very helpful.

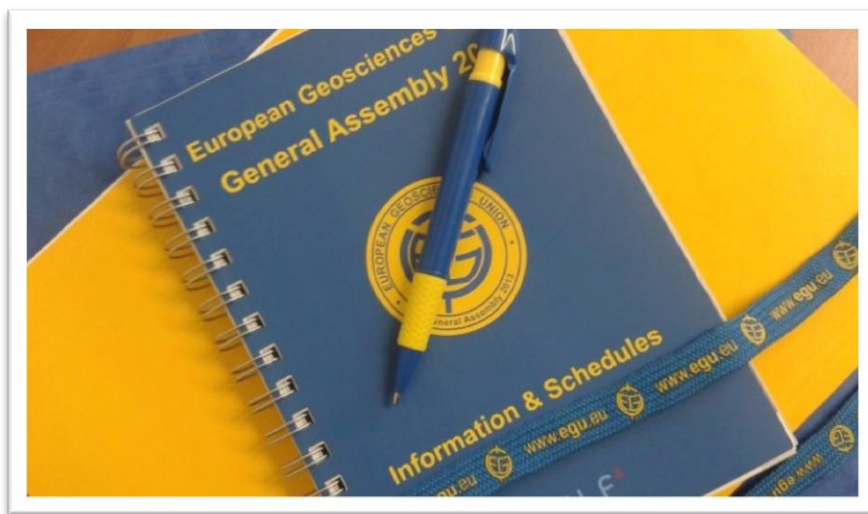

I attended poster presentation in this meeting. I got the schedule for my presentation on Monday, 13 April 2015 at 17.30 – 19.00. When I presented the poster, some people visited in my poster and ask me some questions. There were from USGS, Australia, and the other country. They gave me a lot of discussions and suggestios to improve my research. I also visited the other poster that related to my study. In order to get new knowledges to improve the research. I met the other students, teachers, researchers from different university and different country. I met the people from all of the world. So that, I can share the knowledges and the experiences with them.

The EGU General Assembly have exhibition parts. The exhibitorrrs consist of many scientific organizations from all of the world. For example American Geosciences Union, British Society of Soil Science, Cambridge University Press, Oxford University Press, Elsevier, and many others. Many people joined this meeting with 4.870 oral, and 8. 489 poster. At the conference 11.837 scientist from 108 countries, of

which 23% were students.

I would like to thank all those who has supported me, so that I could attend this meeting. I am very grateful to CGS Taiwan that has supported me in terms of funding for me. And also to my advisor and the labmates. I get a lot of valuable experiences in the EGU General Assembly 2015 in Vienna, Austria.
