FACULTY POSITION:

Department of Earth Sciences, National Cheng Kung University, Tainan, TAIWAN

Several faculty positions at the level of assistant professorship or higher are opened for applicants with excellent or great potential to develop their academic accomplishments in the fields of structural geology, sedimentology, mineralogy, petrology, geochemistry, geophysics, geology and other Earth science related specialties.

Responsibilities of the positions include teaching the fundamental and graduate courses in the areas of their expertise. Besides teaching, the applicants shall demonstrate the ability of developing the externally funded research program.

The final decision of the Department should be approved by the University. The approved appointment is scheduled to begin August 1, 2020. Successful candidates should submit a cover letter summarizing their experience and plan in teaching and research, curriculum vitae, copy of Ph.D. diploma (or other supporting documents), reprints of critical publications, and three letters of recommendation sent by referrers to the following address no later than February 27, 2020.
